27 March 1959

1. Problem - To reply to the recommendation by USCINCEUR 1
that CINCLANT provide naval Mediterranean relief and augmenta- 2
tion in early May. 3

2. Information - By reference b the Joint Chiefs of Staff 4
directed USCINCEUR to "be prepared to maintain maximum practi- 5
cable number of Sixth Fleet units at sea when directed". 6
CINCLANT by reference a advised USCINCEUR that it was 7
acceptable to delay the MACON (CLG) outchop to permit Central 8
Med relief with the CANBERRA (CLG). By reference c USCINCEUR 9
(a) requested that CINCLANT provide one additional black oil 10
fleet tanker (AO), one repair ship (AR) and one fleet tug (ATF) 11
as Med augmentation to arrive early May, and (b) recommended 12
that CINCLANT deploy the CANBERRA to the Med in time to permit 13
relief of the MACON at Suda Bay, Crete (Eastern Med) on 14
17 - 18 May and accept corollary delay the MACON outchop 15
until 23 May. By reference d CNO directed CINCLANTFLT to 16
sail one black oil fleet tanker (AO) early May to augment 17
the Sixth Fleet, and deferred for the present a decision 18
regarding the one repair ship (AR) and one fleet tug (ATF). 19

3. Discussion - The control of logistic support ships 20
remains under the CNO; therefore additional logistic support 21
augmentation is a responsibility of CNO commensurate with 22
his capabilities on a world wide basis. 23

Since the MACON has other commitments, such as preparation
for participation in the opening ceremonies of the St.
Lawrence Seaway, 22 May is the last day she can outchop and
still meet these commitments. In order to change operational
schedules, it is considered imperative that the draft message
in the Appendix hereto, be dispatched as soon as possible.

4. Recommended action - Approve the draft message to
USCINCEUR - CINCLANT in the Appendix hereto, and dispatch
by 1600 hours, 27 March 1959.
